[***See Latest news***](#) (last updated 5th February 2020)

Season update:-

5 Counties divisions will become Divisions SW in the East Hockey League for this coming season this is in readiness for the proposed changes to governance by England Hockey

East Management have already contacted club representatives to confirm how many teams they wish to enter. Closing date is 7th June 2020

Please look on the [East web site](#) for regular updates on the preparation for Season 20-21-

Provisional fixtures have been posted under the 20/21 link on the East website, select a Division and then the fixtures tab. These could be subject to change dependant on whether the season

can start on time.

[5 Counties Final Tables for 19/20](#)

Due to the Coronavirus pandemic the season was concluded prior to the completion of all matches so positions were calculated on the percentage points gained from games played. For that reason the above link to tables is the official final standings as the link to results and tables is taken from the database and couldn't be adjusted to calculate the percentage points.

Divisions should remain largely unchanged under East although there may have to be some adjustments once they have confirmations of teams. Its intended that the bottom division will still be run as a development division

Features on the New Web Site Include:-

Results - Regular updates to Results and Division Tables.

Division Tables - View Tables by clicking on either your Team or Division name in either of the Results or Fixtures sections.

Clubhouse - Contains Club details, Past Winners, Management Committee, Rules and Useful Links

Downloads -Times & Venues and Goalscorers will continue to be shown via spreadsheet download

User Log In -Usernames and Passwords will be issued by the Results Secretary/ Site Administrator. This function will enable Club Reps to update contact details, pitch details etc directly onto the site. Please note: Links to Club web sites will need to be added by the Site Administrator for security reasons.
